IGCSE ACCOUNTING

Error of Omission - When a transaction is completely omitted from the accounting records.

Error of Commission - When a transaction is entered in wrong account of the same class, but with the correct amount and on the correct side

Error of Principle - When a transaction is entered in wrong account of a different class or when incorrect accounting principles are followed.

Error of original entry - When the transaction is incorrectly recorded initially in the books of prime entries.

Error of complete reversal - When the debits and credits of a transaction are swapped, and amounts are posted on the wrong side.

Compensating errors - When two or more unrelated errors compensate each other in value and do not affect the total of trial balance.
